Release date: 9-13-2022

FOR IMMEDIATE RELEASE

ASSISTANCE TO FIREFIGHTERS GRANT AWARD

The Central Platte Fire Protection Board of Directors are pleased to announce that our fire department was selected and awarded \$186,175.23, from the FEMA Assistance to Firefighters Grant program. The grant funds will replace the Self-Contained-Breathing-Apparatus (SCBA) equipment that does not meet the current minimum NFPA standard. In addition to the replacement SCBA equipment, these funds also cover the purchase of a quantitative FIT tester.

Currently our members are utilizing self-contained-breathing-apparatus that meet the 2007 NFPA standard. With the grant funding we will bring our department up to the current 2019 NFPA standard and improve health and life safety for our firefighters.

The purpose of the FIT tester is to ensure that all members are properly fitted with an SCBA mask that creates an adequate seal to ensure no contaminants or hazardous materials introduced into the facepiece.

The Board of Directors would like to thank the residents and business within our district for their continued support to keep our firefighters safe and healthy.
